

UNIVERSAL TOOLS

Patented Technology

Our innovative and patented tools make installing belt fasteners easy and effective.

Whether you are installing Plategrip bolt fasteners, Riv-Nail Rivet fasteners, Staplegrip staple fasteners, Steelgrip belt fasteners, or just need a tool to make your job a little easier, Conveyor Accessories, Inc., has the right tool for your trade.

INSTALLATION INSTRUCTIONS

Get installation instructions for this and other Conveyor Accessories products online at:

Belt Clamps are made of high-strength aluminum alloys, light in weight and easy to handle. The unique design provides constant pressure to the belt while the clamps are under tension. The more tension applied, the greater pressure transferred to the belt. The aluminum power clamps are attached to alloy steel chains designed to be used with ratchet pullers. Priced as a side, but used in pairs (two sides).
